

## Update to Hamonised System

Customs are making changes to the Harmonised System as at 1<sup>st</sup> January 2017. Cyberfreight Comserver will download the new reference files as part of the usual automated download process. You might be required to make changes to your parts/lookup data to reflect the new Harmonised System. There are tools in ADMIN ---> Customs, that allow global changes to Parts and Lookups. Backup Cyberfreight before making global changes....just in case.

## Backup....AGAIN!

I have to mention this again as we are still seeing sites that do not have a backup process in place. We do not make backups of your data. We can advise you or your technician about the backup process but each site is responsible for backups. Remember to backup Cyberfreight and any other important files such as word processing & spreadsheet documents.

## HS2017 in TradeFox Express

An announcement from TradeFox:- *The HS 2017 is in TradeFox Express. You can use the Anchor view to compare the 2012 AU import tariff with the 2017 sub-heading changes. WCO Amendments and a preliminary AU file at the stat code level from the ABS that may have alterations after their finals with Border Control are available. We hope all this helps you prepare for the Jan 1<sup>st</sup> 2017 changes.*

Contact Doug Tozer at TradeFox for more details. 0487670733 or douglas@tradefoxinc.com

## Job Milestones

A Job Milestones facility was added with version 4.02 of Cyberfreight (under Enquiries menu). This display provides a quick and simple view of how jobs are meeting key milestone dates such as departure, arrival, delivery, etc.

Shipment	JOB	Master Bill	House Bill	Origin	Discharge	Dest	ETD	ATD	ETA	ATA	Exp. Delivered	Delivered

## New phone number

We are in the process of upgrading our phone system to digital and as a result we have a new phone number:- **02 8567 5100**. The old number will continue for a while.

## Christmas – New Year

Our office will be operating as normal over the Christmas New Year period. We will be monitoring the Help Desk emails outside normal business hours so if you have any urgent support requirements then send an email to [support@htfs.com.au](mailto:support@htfs.com.au). From all of us, we hope that you have a happy Christmas and New Year. Take care over the holiday season and we look forward to working with you in 2017.
